MISSISSIPPI OUTLAWS.

They Are Creating a Reign of Terror in Bolivar County.

SLAYING NEGROES.

They Visit Several Homes of Negroes and Kill Their Stock and Whipping Men, Women and Children as They Go.

Vicksburg, Miss., Sept. 21.—Mail advices from the little town of Merigold, Bolivar county, dated Sept. 18, tells of the reign of terror inaugurated by a band of so-called regulators. Already several negroes have been killed, others whipped and still others driven from the neighborhood, and serious trouble is expected between the sheriff and a posse of citizens and the outlaws, who have taken refuge in the swamps. The citizens threaten to take the law into their own hands and exterminate the gang.

The trouble originated between a negro named Thomas and the leader of the outlaws, a white man named Robertson, over money matters. Robertson first killed Thomas, and then gathering together a number of the toughest characters in the county, started out on his bloody career, visiting the homes of negro citizens, whipping men, women and children, and killing horses, sheep and cattle.

Their second victim was an aged and inoffensive negro, whom they met in the road and riddled with bullets. A mile further on the body of another victim to the unreasoning fury of the murderers was discovered in the roadway, and all along the route was evidence of the reckless disregard of life and property. The sheriff is supposed to be in pursuit of them.

DIAZ'S VISIT.

The Illness of His Wife May Keep Him Away From Chicago.

City of Mexico, Sept. 21.—Doubt still exists whether President Diaz will make the trip to Chicago. Congress has voted its permission for the president to leave the country, but the condition of Senora Diaz's health may prevent the departure of the president.

Ambassador Clayton said that President Diaz's decision may not be expected before a week or so. He added that Mr. Diaz himself greatly desired to visit Chicago. He is especially anxious to meet President McKinley and to show his friendship for the United States. Besides the action of congress removes all legal obstacles, but, the ambassador continued, as the doctors are doubtful as to Senora Diaz, the president has not actually made up his mind. The final answer, Mr. Clayton added, will be made through the Mexican ambassador in Washington.

It is certain that the action of congress afforded the Mexican president great satisfaction. There was a full attendance, it being the first time that a president of the republic asked permission to leave the country. The question came up in the form of a special bill granting leave of absence for 20 days and appointing as president ad interim Ignacio Mirasol, former minister to Washington. The question was taken by a rising vote, the senators and representatives answering as their names were called. The silence during the voting was solemn and the result showed not a vote in the negative. Unless his wife's illness assumes a serious phase, Chicagoans may expect to see President Diaz at their fall festival.

THE OHIO CAMPAIGN.

President McKinley Will Make Some Speeches for His Party.

Washington, Sept. 21.—President McKinley will probably make a few speeches in Ohio during the present campaign which is to be opened in that state on Saturday by Governor Roosevelt of New York and Judge Nash, the Republican candidate for governor.

Representative Dick, chairman of the Ohio Republican committee, and who is in Washington, suggested to the president that he make a few speeches on his way to and from Chicago next month, and it is the intention of Mr. McKinley to comply with the request to the extent of making a few remarks from the platform of his train while en route. Representative Dick says that the campaign will be one of the most aggressive that has ever been waged in Ohio. The selection of Governor Roosevelt to sound the keynote of the campaign leaves no doubt as to the attitude which will be assumed on the Philippine question. There are a few Republicans in Ohio, the most conspicuous among them being Senator Foraker, who are not in complete harmony with the president on the Philippine issue, but it is not expected that they will make trouble in the state campaign.

man, the millionaire breeder of Hereford cattle, with farms in Kansas and Texas, is dead at his home here of a disease of the stomach. He was 49 years old.

Texas Hogs for California.

Hillsboro, Tex., Sept. 21.—John Scofield has shipped four carloads of fat hogs for the Los Angeles, Cal., markets. There have been over 20 carloads shipped from here to California since last April.

THE TRUST CONFERENCE.

Resolutions Adopted Asking the Various States to Pass Stringent Laws.

St. Louis, Sept. 21.—The conference of governors and attorney generals to discuss the trust question, were late in assembling today. Members of the committee on resolutions toiled until after midnight trying to bring together the widely divergent views presented. When they finally came to a conclusion the matter was left in the hands of a subcommittee composed of Governor McMillan and Attorney Generals Smith and Campbell to put in proper shape. At the time set for the resumption of the session the subcommittee was still at work formulating resolutions which will be presented in the shape of recommendations.

Shortly before 10 o'clock Chairman Sayers called the conference to order. At 11 o'clock the committee on resolutions asked for further time and the conference took a recess.

On reassembling Governor McMillan presented the resolutions as adopted by the committee on resolutions. They are as follows:

The committee on resolutions to which was referred several resolutions and paper in lieu of them, submit the following with recommendation it be adopted by this conference. That we believe the best present available remedies lie along the following lines:

1. The enactment and enforcement both by the several states and the nation of legislation that shall adequately and fully define as crimes any attempted monopolization or restraint of trade in any line of industrial activity, with provisions for adequate punishment of both individual and corporation that shall be found guilty thereof, punishment to the corporation to the extent of its dissolution.

2. The enactment by each state of the union, legislation for adequate control of the regulation of corporations, chartered by that state, and we recommend as efficacious, a system of reports and the examination by state authorities of corporations organized under its laws, to the end that they may be brought to a fair observance of the laws under which they are created.

3. The enactment by each state of laws that will prevent the entrance of any foreign created corporation into its limits for any other purpose than interstate commerce, except on terms that put foreign created corporations on a basis of equality with domestic created corporations.

4. The enactment of states legislation declaring of corporations created in one state to do business exclusively in other states then were created be prohibited from admission into any state.

5. No corporation should be formed in whole or in part by any corporation.

6. No corporation shall own or hold any stock in another corporation engaged in similar or competitive business.

7. Recognizing that trusts are usually composed of corporations, and corporations are but creatures of law and can not exist in the place of their creation, we recommend as the sense of this conference, that each state pass laws providing that no corporation which is a member of any pool or trust in that state or elsewhere, can do business in that state.

Resolved, it is the sense of this conference that all capital stock of private corporations should be fully paid either in lawful money, in property or actual cash, value to the amount of the capital stock.

Governor McMillan presented the resolutions and made a short speech. Chairman Sayers put the question and the resolutions were unanimously adopted by the representatives of the eight states remaining.

THE FINANCIAL BILL.

The One Drawn up by Republicans is Unequivocally for Gold.

Chicago, Sept. 21.—Congressman Jas. W. Babcock of Wisconsin, a member of the Republican caucus financial committee, which this summer drew up a financial bill, said to a Times Herald reporter at the Auditorium:

"The bill agreed upon by the committee and to be introduced at the next session is in my possession. It provides for a formal declaration in favor of the gold standard. If it becomes a law, the country will be avowed explicitly on the gold basis. The senate has not concurred, but there will be no practical difficulty between the committees of the two houses. The bill is likely to pass both houses."

The Twenty-ninth to Leave.

Atlanta, Sept. 21.—The Twenty-ninth infantry will leave Fort McPherson Friday for San Francisco enroute to the Philippines. Captain Cleveland Wilcoxson was appointed adjutant for the regiment. First Lieutenant James R.

NEGRO SAVED FROM BEING LYNCHED

Brave Officers at Corsicana Stand Off a Mob of Seventy-Five Men at the Jail.

Corsicana, Tex., Sept. 21.—About 12 o'clock last night a mob of 75 men armed with shotguns and pistols and equipped with heavy sledgehammers surrounded the jail and demanded the surrender of the negro Harris, held for rape. Jailer Boyd refused and declared he would kill the first man that put his foot on the steps. A boy in the jail was sent for officers and brought Sheriff Allen and two others. The sheriff walked through the mob to the jail door, turned and faced them and told them they could not get the negro unless they killed him. The mob made threats but did nothing.

"The situation is serious. Probably the heaviest fighting will occur on the Natal border. The British are likely to attempt to invade the Transvaal by way of the Van Reinans pass."

DE GALLIFET'S ORDER.

He Asks the Army to Accept the Dreyfus Conviction and Liberation.

Paris, Sept. 21.—Minister of War de Gallifet has addressed the following order to the corps commanders:

"The incident is closed. The military judges enjoying the respect of all have rendered their verdict with complete independence. We all, without harboring any afterthought, bend to their decision. We shall, in the same manner, accept the action that a feeling of profound pity dictated to the president of the republic. There can be no further question of reprisals of any kind. Hence I repeat it, the incident is closed. I ask you, and if necessary, command you to forget the past in order that you can think solely of the future. With you and all of my comrades, I proclaim, 'viva l'armee,' which belongs to no party, but to France alone."

The order will be read to the troops throughout the French army.

Dreyfus at Carpentras.

Carpentras, France.—Captain Dreyfus has arrived here, and is at the home of M. Valabregue, a relative.

CANADA STANDS ALONE.

Premier Laurier Says His Country Will Make No Sacrifice of Its Honor.

Toronto, Sept. 21.—At the Middlesex county fair at Strathroy, Premier Laurier said:

"There is one question, the Alaskan boundary, which has proven a stumbling block to the success of the joint high commission. We have therefore, stood by our rights that we have not obtained the success we might have expected, but gentlemen, there is no one I am sure in this audience who will regret it, or will express any regret upon it."

"We have done our best, and if we have done nothing else we have stood by the dignity, the honor and the rights of Canada. We want to be on the very best terms with our neighbors to the south. We want to trade with them. But if they will not trade with us our hearts will not be broken by the fact. We can live without them. We can prosper without them, though I make no secret that there are many things upon which I, for one, would be glad to have better relations with them upon, but if the price that is to be paid is a sacrifice of Canadian honor, we will have none of that price and we will continue to do as we are doing now, paddle our own canoe. We want to have the very best relations with our neighbors, but while that is our aim—our aim above all things is, Canada first, Canada last and Canada always."

THE CHILD FOUND.

A Little Child Spirited Away Recovered After a Year.

Memphis, Sept. 21.—Sheriff Sampson Connell of Williamson county, Texas, has left Memphis for Taylor, Tex., with Emma Lalouise Davis, the 34-year-old daughter of J. H. Davis and Mrs. Ida Gentry Davis. Taylor is the home of the child's mother. Davis and his wife parted some time ago. The father spirited the child away and has since kept her hidden.

Sheriff Connell has only been successful in finding the child, after a chase of 1200 miles through the swamps of Arkansas and Mississippi, covering the period of a year. The sheriff found Davis at Horn Lake, Miss., but the child was not with him. After a long conference between the Texas sheriff and Davis, the father agreed to produce Lalouise in Memphis, Sept. 20, and allow her mother to become her custodian nine months of the year, while Davis himself is to have her the remaining three months. True to his promise, Davis produced Baby Lalouise here and the delivery to Connell was made in true Texas promptitude.

YELLOW FEVER.

Two New Cases at New Orleans and Spreading at Mississippi City.

Jackson, Miss., Sept. 21.—Not over six or eight towns in Mississippi now maintain quarantine against Jackson and all trains are running on schedule time.

Reports received at the board of health office from Mississippi City are not encouraging. Dr. Gant writes that the fever has appeared on the outside of the original cordon and while the cases are very mild he fears a general spread will occur.

Thirty-Six New Cases.

Key West, Fla., Sept. 21.—During the past 24 hours 36 new cases of yellow fever were reported, but no deaths. One physician failed to make his report.

Two at New Orleans.

New Orleans, Sept. 21.—The board of health of reports two new cases in the same locality as the first case.

Harrison in Doubt.

Chicago, Sept. 21.—Mayor Harrison is in doubt as to whether he can attend the Texas state fair at Dallas Oct. 2. He wants to go as a matter of courtesy to the national committee, but he has informed Chairman Johnson and others that he will be compelled to treat the Dallas trip in the same spirit that he has applied to all other invitations to absent himself from Chicago during October. He has declined invitations to visit Kentucky and Ohio.

The Gun Was Loaded.

Wharton, Tex., Sept. 21.—An unfortunate accident occurred at the Schley plantation, 18 miles below here. A young son of Henry Schley and a negro boy about the same age were handling two old guns, which they supposed were unloaded. One was discharged in the hands of young Schley, the shot taking effect in the negro boy's head, from which he subsequently died.

Dreyfus Ill.

London, Sept. 21.—The Paris correspondent of the Daily Telegraph says that Dreyfus is so ill that he can live only a few months. The government has promised to watch over and protect him and has recommended that he live on the Riviera. It is not unlikely that he will accept the villa offered him during the trial by the prince of Monte Carlo.

The Death Penalty Given.

Terrel, Tex., Sept. 21.—The case of the state of Texas vs. King Martin, charged with criminal assault upon Lizzie Wilson on July 5, was tried at Kaufman Wednesday. The case went to the jury in the afternoon and that body in 10 minutes returned a verdict of guilty and assessed the death penalty.

Gentry Won.

Oklahoma City, O. T., Sept. 21.—John R. Gentry won the race with Joe Patchen here in two straight heats. The time announced was 2:09 and 2:07 respectively. The pacers were handicapped, the half mile affair being an inferior affair. A crowd of 3000 persons witnessed the event.

Shot by Moonshiners.

Atlanta, Sept. 21.—John L. Hanna, the chief of police of Dalton, was shot and instantly killed by three moonshiners. The illicit stillers were in town and drinking heavily. The chief tried to arrest them and pursued the trio to the edge of town when they turned and killed him.

Peace in San Salvador.

Washington, Sept. 21.—The state department has received a cable message from United States Consul Jenkins at San Salvador saying briefly that the state of seige has been removed and that prevails in the land.

Fifteen-Year Sentence.

Corpus Christi, Tex., Sept. 21.—The jury rendered a verdict of guilty in the case of Antonio Padron, charged with murdering Savas Rimeras and assessed Padron's punishment at 15 years in the penitentiary.

Sadler Won Out.

Carson, Nev., Sept. 21.—The supreme court has decided the governorship contest in favor of Sadler, Democrat, by 60 plurality, an increase of 40 votes over the original count.

No New Smallpox Cases.

Greenville, Tex., Sept. 21.—There are no new cases of smallpox besides the two at the camp two miles out of town. Of these Mrs. Woods is getting better.

A Soap Talk!

DO YOU KNOW how to judge a pure soap? A soap to be just right must leave the skin as before using, and to do this it must be neutral—no excess of alkali. We have made soaps, especially toilet and medicinal, a study, so you take no risk in buying them of me—no higher than elsewhere. We have just received a new stock of delightful soaps, including Crushed Roses, Crushed Lillies, Crushed Lilacs, Crushed Violets and the well-known La Tosca. These goods are the very best, and cannot help please the most fastidious. Come to see me when you need SOAP.

We do not try to impress the public how cheap we can prepare a prescription; rather how well, how true, how accurate. Our prices please too. Bring them to me and the results will bring you back again.

THE TRAIN PARTED.

Serious Freight Wreck on the Katy
at Mingo.

ONE PERSON KILLED.

Tom Meyers of Fort Worth Mashed to
Death, a Number of Cars Smashed
and a Valuable Horse Killed
by the Wreck.

Denton, Tex., Sept. 21.—Tom Meyers
of Fort Worth, was killed at Mingo
Station, five miles north of here, in a
freight wreck.

He was literally mashed to death, there
being comparatively few marks and
wounds on the body. Meyers was en-
route from Fort Worth to Muscogee, I.
T., on a freight train, having in charge
a valuable harness horse, Princess, and
was in the same car with the mare.

The train on which he was traveling,
an extra Missouri, Kansas and Texas
freight, broke in two at a point just
this side of the water tank at Mingo,
and the front part slowing up, the train-
men not being aware of the break, the
rear section collided with the cars
in front with terrific force.

The car in which were Meyers and the
horse is supposed to have been the first
car in the second section, and was fol-
lowed by a car of very heavy, green
cross-ties. The last car in the head sec-
tion was a loaded coal car, and when
the collision occurred the coal car and
the car in which Meyers were were tele-
scoped, the coal car being forced into
the latter and both being badly torn up.

Meyers and the horse were, it is sup-
posed, both caught between the oppos-
ing forces and death was practically
instantaneous, both being dead when the
train crew reached them.

Several other cars were also dented,
so great was the force of the collision,
but as the accident occurred alongside
a siding, traffic was delayed only a short
while.

Another Wreck.

Parkersburg, W. Va., Sept. 21.—
Train No. 3 on the Baltimore and Ohio
road was wrecked near Petroleum, W.
Va. Engineer William Meyers was
killed. Three postal clerks and three
trainmen were injured. The engine,
mail car and baggage car left the track.
No passengers were hurt.

Assaulted a Cashier.

Chicago, Sept. 21.—Frederick J. Fil-
bert, the aged cashier of the Palatine
bank in Palatine, Ill., is lying close to
death as a result of an attack made
upon him by a young man who gives
the name of Walter Lawton. The lat-
ter who is unknown to anybody in Pa-
latine, and apparently of good educa-
tion, is in the county jail suffering from
a bullet wound in the abdomen which
will probably prove fatal. He said his
motive was revenge, claiming that Fil-
bert alienated the affections of his wife.
The police, however, do not believe the
story. Both Filbert and Lawton will
die.

Boy Badly Hurt.

Denison, Tex., Sept. 21.—The 10-year-
old son of Mr. Draper, living at Oak-
man, I. T., started to mill with a sack
of corn. While on the way the sack
became untied, the corn spilling out,
frightening the horse the boy was rid-
ing and causing him to throw the lad to
the ground. The horse kicked him in a
frightful manner, bruising his head and
kicking one of his ears off. His recovery
is very doubtful.

Contractor Held Up.

Orange, Tex., Sept. 21.—J. S. Brice, a
log contractor at the Sam Wilson mill,
nine miles west of this place, started to
Beaumont on a lumber train that pulled
out from that mill a few nights ago and
was held up by a couple of negroes who
were on the same car, and at the muz-
zle of two pistols was forced to give up
\$6.25. It is claimed here that one of
the negroes has been apprehended at
Lake Charles.

Defendant Yates Dead.

Columbus, Tex., Sept. 21.—A. L.
Yates, who was to have been tried next
Monday, charged jointly with J. G.
Townsend with the murder of Dick
Reese and a negro hack driver, Dick
Gant, died here. He had been unwell
for some time, but was only confined to
his bed for two days previous to his
death.

Hospital Destroyed.

Norfolk, Sept. 21.—St. Vincent's hos-
pital was destroyed by fire here. All
patients have been removed. Two pa-
tients are missing. One is an insane
man and the other a woman. No names
can be learned. The building was valued
at \$250,000 and will be a total loss.

Given the Death Penalty.

Austin, Sept. 21.—The jury in the
case of Sam Watrous, the negro charged
with murdering Mr. and Mrs. George
Engburg near Manor, returned a ver-
dict of murder in the first degree and
assessed the death penalty. Motion for
rehearing will be made.

Killed in a Gin.

Kennedale, Tex., Sept. 21.—The little
5-year-old son of John Heitt was killed
by coming in contact with the machin-
ery while playing in his father's gin
three miles east of this place.

Serious Earthquake.

Smyrna, Asia Minor, Sept. 20.—There
was a disastrous earthquake at Aiden,
a town on the Mender 81 miles south-
east of this place. Hundreds of persons
were killed in the valley of the Mender.

REPUDIATES BONDS.

Spain Refuses to Longer Pay the Inter-
est on Cuban Bonds.

Washington, Sept. 21.—The decision
by the Spanish cabinet that the interest
on Cuban bonds must be paid by the Cu-
ban government is a virtual announce-
ment that Spain will not pay the inter-
est; that the bonds are valueless. In-
volved in this announcement is the con-
dition that there may be an attempt to
entangle congress in a discussion of the
responsibility of the United States gov-
ernment for the interest during the oc-
cupation of the island.

The action of the Spanish cabinet was
referred to the state department from
which the following authoritative state-
ment was obtained:

"The United States commissioners at
Paris never at any time or in any de-
gree agreed that the United States
should become responsible for Spain's
Cuban debt. There never was any un-
derstanding that any other party should
be responsible for that debt than Spain
herself. The reason the United States
did not assume the debt or any part of
it, was the debt was incurred almost
wholly by Spain to crush the several in-
surrections. The United States might
have assumed to guarantee this debt if
the funds named had been expended in
internal improvements in Cuba. This
government, as is well known, consented
to pay Spain \$20,000,000 in the case
of the Philippine islands, solely on the
ground that approximately that amount
had been expended by Spain in improve-
ments in the islands.

"The United States, therefore, has as-
sumed no obligations for, and has no
interest whatever in the declarations of
the Spanish cabinet on the debts of
Spain, or how they shall be paid. The
present declaration looking like a repudi-
ation of the debt, principal and in-
terest."

The state department argues that
when Spain relinquished her sovereignty
in Cuba, she relieved that island of
debts contracted to keep her in bondage.
This construction, it is held, is affirmed
in the notes which passed between the
disputing commissions when the treaty
was under discussion in Paris.

WORTH THE PRICE.

Twenty Millions a Small Sum to Pay for
the Philippine Islands.

Chicago, Sept. 21.—Douglas Young,
editor of The Freedom, the English
paper published at Manila, is at the
Palmer House with his valet, a Filipino
about 21 years old. Mr. Young formerly
resided in San Francisco, but has
been in Manila more than a year. He
says he is in this country for the purpose
principally of interesting American
manufacturers in the opportunities to
be had in the Philippines.

"The \$20,000,000 the United States
paid Spain and the money which will
be expended in subduing the insurrec-
tion will be a cheap price for the
islands," he said, "much has already
been said regarding their natural re-
sources, but it has been underestimated
rather than exaggerated."

HUNTINGTON IN CONTROL

He Has Succeeded in Ousting the Crok-
ers in the Southern Pacific.

New York, Sept. 21.—Belief is general
in Wall street that the Southern Pacific
Railroad company has passed beyond
the control of the Crocker estate. It is
denied that the Vanderbilts have be-
come identified with the road and it is
said that a syndicate, with C. P. Hun-
tington at the head, has obtained con-
trol. It was a year ago, that H. F.
Huntington, a nephew of C. P. Hunting-
ton, occupied a position with the South-
ern Pacific railway as "assistant to the
president." It is said that the Crocker
interests were opposed to Mr. Hunting-
ton's nephew and forced him out.

George Crocker is now the vice pres-
ident of the railway, but in railroad cir-
cles there seems to be an impression
that within a few weeks, H. F. Hun-
tington will succeed Mr. Crocker as vice
president.

All the bonds that were issued by the
old California Pacific railroad and the
Southern Pacific company have been
purchased by Speyer & Co., as financial
agents of the Southern Pacific company
and C. P. Huntington personally.

It is said that the 300 shares recently
purchased by Speyer & Co. were not
taken from George Crocker, but from
the Crocker estate. Messrs. Hunting-
ton and Speyer refuse to discuss the
matter.

Shot by Their Friend.

Kokomo, Ind., Sept. 21.—Edward Ep-
house and Alfred Adams, near Sycamore,
this county, were shot while wheeling
past the home of their friend, Frank
Joh. They called Joh out as a joke.
Mistaking their purpose, Joh shot them
as they turned away on their wheels.
Balls entered Ephouse's back and
Adams' shoulder. The former is mortally
hurt. They refuse to prosecute Joh.

Iron Takes a Jump.

Birmingham, Ala., Sept. 21.—Since
last Saturday pig iron in this market
has scored another advance of \$1 per
ton. No. 1 foundry selling for \$19.50.
This is the second time within 10 days
that iron has jumped up one dollar at a
leap. Prior to these advances the vari-
ous jumps were 25 and 50 cents each.
The present price is the highest in 20
years.
